

Parent Portal Available Beginning August 29, 2016

Pasco County Schools is pleased to announce our new gradebook and attendance platform for use beginning in the 2016-2017 school year, myStudent. . The parent portal will be available for login beginning **August 29, 2016**. The myStudent parent portal is a tool designed to enhance communication and involvement for you in your child's education. This portal will allow you to monitor your child's progress in school by providing timely access to academic and attendance information. In addition, this tool will allow parents ongoing access to their student's test history information. This communication tool will improve your ability to assist your child and to communicate with their teacher(s).

For the protection of your child's confidential information, we have created the following secure procedures for establishing a parent portal account. To establish a parent portal account online, you must have a valid email address and the student's birth date must be on record with Pasco County Schools.

If you are in need of any assistance with setting up a parent portal account, after August 29, 2016 when the portal is opened, submit your inquiry to your student's school or submit an email to myStudenthelp@pasco.k12.fl.us. This is Pasco County School's gradebook/attendance system ticket system, which is monitored by multiple team members to ensure your question and inquiry is answered in a timely manner.

Students will **NOT** need to set up an account, their access is automatically generated through the myPascoConnect student portal, which students will learn about during the beginning of the school year.

NOTE: Students will not need to set up an account and can access myStudent through myPascoConnect.
